Arabs love to share their culture and they enjoy doing that through music, folk songs, instrumental music and belly dancing. Music is an important artform for the Arabs. The Arab nationality is rich of talented writers, singers, music composers and iconic musicians of all time are of Arab origin. Music in the Arab world includes a wide range of genres and musical styles, including Arabian classical music (الذام عشق, "Shaam"), Arabic folk music (تليبيس zeban), Jewish-Arabic music, Kurdish music and Turkish music. Traditional Arabic songs and poetry have been most influential in shaping world culture through the media of recorded music and film. Arabic influential musicians include:

(Known as Eagle) is an intercontinental band known for creating a fusion of rock with traditional Arab sounds called thumri or dhrupad. Their musical styles include dhrupad, pop rock, electronica and psychedelic trance dance. Their lyrics are often written by the band members and deal with such subjects as the confusion of new ideas in youth and general feelings of inner struggle. Over the years, Amr Diab has established himself as a popular singer all over Egypt and the Arab world, selling millions of songs and becoming one of Egypt's most successful singers.

Ahmed Essam (born 17 April 1986), is an Egyptian musician and composer that has been described as one of today's leading pop composers. He started his career at a young age by producing independent songs on his computer. This turned him into quite a sensation among netizens in Egypt.
